Residence Requirements

Students with a foreign nationality and who successfully are admitted to study in PXL-MAD, may need the following documents when moving to Belgium: a visa/entry document and a residence permit.

Which specific documents you need, and how to apply for them, depends on your situation. Non-EEA nationals will need to follow different procedures depending on the length of stay when they arrive in Belgium. EEA nationals and Swiss nationals do not need a visa to enter Belgium.

Upon arrival in Belgium, you will have to complete your enrolment as a student. For an enrolment at PXL-MAD School of Arts it is obligatory that non-EEA students hold a valid visa/entry document or a (Belgian) residence permit. Are you a EEA citizen? In that case your identity card or passport is sufficient.

It will also be mandatory for EEA and non-EEA students to register at the town or city hall of their place of residence in Belgium, as soon as possible. The registration procedure is different for EEA nationals and Swiss nationals and non-EEA nationals, as non-EEA nationals will have to get a residence permit as legal residence document in Belgium.
